Tricia Helfer is sinking her teeth into a bloodsucking new role: The *Battlestar Galactica* and *Lucifer* vet will play Dracula in Season 4 of Syfy's *Van Helsing*, our sister site Deadline reports. (Netflix and the BBC have their own Dracula project, with *The Bridge*'s Claes Bang as the iconic character.)

Helfer "will be a fierce and unstoppable Dark One... as the battle between good and evil reaches new heights," executive producer Chad Oakes tells the site.

The series has also tapped Richard Harmon (*The 100*), Nicole Munoz (*Defiance*), Keeya King (*The Handmaid's Tale*) and pro wrestler Big Show for undisclosed roles.
